

SOLID PLASTIC (HDPE)

TOILET PARTITIONS

Solid Plastic — the material of choice for high-traffic areas and high-abuse applications, or where moisture is a consideration.

Accurate Partitions brings you the best and most cost-effective solid plastic partitions available. Our partitions, available in our classic Pebble Grained texture and durable Tough Texture™ (TT), start in our plastics extrusion plant, where we form our High Density Polyethylene panels (HDPE) on state-of-the-art fabrication equipment. Total control of the solid sheet production allows us to expedite production of our partitions and to be the only solid plastic partition manufacturer to provide them in as little as 48 hours. It also allows us to add compounds such as anti-microbial agents or flame retardants as needed. And our most popular colors are available in 100% post-consumer recycled material.

Accurate™

SOLID PLASTIC (HDPE)

ACCURATE SOLID PLASTIC (HDPE) PARTITIONS

Solid plastic toilet partitions are the ideal choice for high traffic areas. They are environmentally safe and sanitary, never need painting, and will not easily dent or chip. Plus, with the basketball-textured finish standard on all the colors listed on page 3, any effect of vandalism is greatly reduced. It is the material of choice for ease of maintenance.

HDPE solid plastic is waterproof and unaffected by high humidity or corrosive environments and since it is solid material it will not delaminate. Most commercial cleaning agents will not damage the surface.

HDPE solid plastic has homogeneous color and material compound throughout. An aluminum heat sink strip is applied as standard to the bottom edge of all doors and panels.

LEED

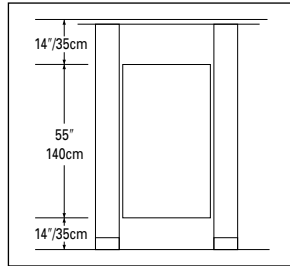

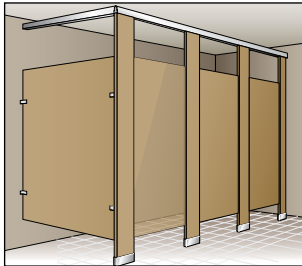

Selecting Accurate solid plastic partitions can help you obtain LEED credits.

Accurate Partitions products contribute to LEED certification points as follows:

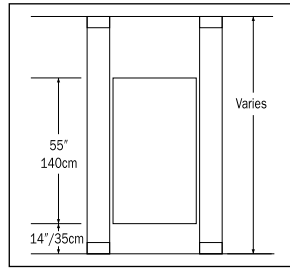

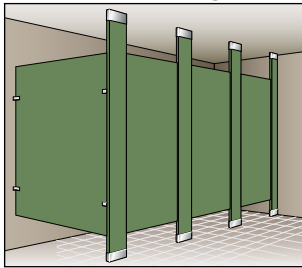

- Recycled Content: MR4.1 and MR4.2
- Low Emitting Materials: EQ 4.4

STYLES AVAILABLE:

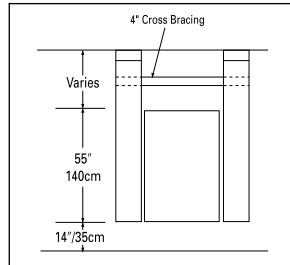

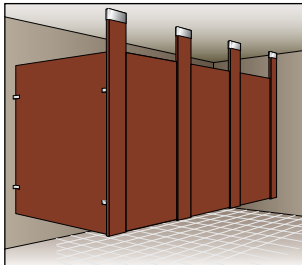

Floor Anchored/Overhead Braced

Floor and Ceiling Anchored

Ceiling Hung

PRIVACY AND URINAL SCREENS

Privacy and Urinal Screens are available in seven, easy to maintain mounting configurations: wall hung, ceiling hung, floor-mounted post, floor-mounted pilaster, floor and ceiling post, floor mounted/overhead braced, and floor and ceiling pilaster.

Wall Hung Screens

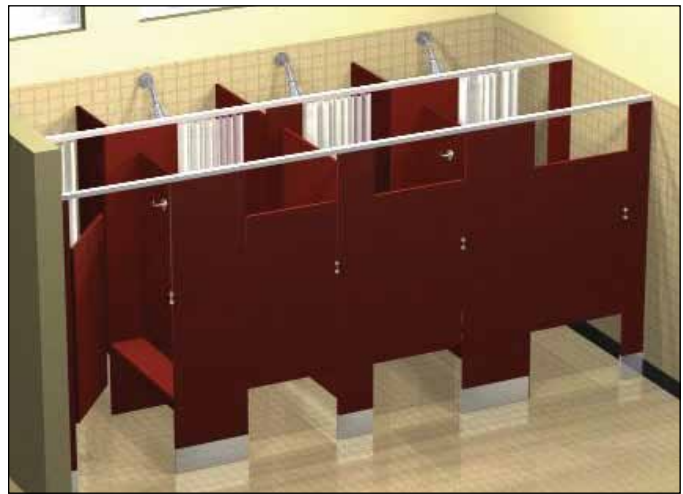

Floor Anchored Screens

Post-to-Ceiling Screens

SHOWER DIVIDERS AND DRESSING BOOTHS

Accurate Partitions' Shower Dividers and Dressing Booths are strong and durable to hold up in public shower areas, resisting penetration by water, steam, mildew, odors and soap. The clean, modern design is attractive as well.

Physically Challenged

Specially designed units are available for the physically challenged, with a wider front entry for easy wheelchair access.
